Who we are

Since 2005, i-Tech e-Services has provided superior customer services and a higher quality standard to the Electronics Manufacturing community. Our 45,000 sq ft state-of-the-art ESD facility in Norcross, GA, allows our customers to get in-house quality with an outsourced advantage.

Our turnkey approach to production, specializing in complete product development, has allowed us to serve a diverse set of clients, from start-ups to prestigious established companies. We provide a wide array of solutions, including prototyping, PCB assembly, custom cabling, wiring harnesses, aftermarket care, complete box build, shipping, and more.

We offer various customer solutions from high-mix, low to medium volume manufacturing to consignment production. Our highly trained staff excels in proactive communication, quality control, and consistently meeting expectations. This creates a partnership our clients can rely on for mutual success.

Our Services

PCB Assembly Services

From prototyping to full-scale, high-mix production, we deliver high-reliability assemblies backed by AS9100D standards.

Custom Box Build

From PCB assembly to final product packaging, we handle the complete integration process to deliver finished products ready for deployment.

Custom Cabling Solutions

100% in-house manufacturing of custom cable assemblies and wire harnesses, built to your precise specifications.

Quality Testing & Validation

IPC quality control with 100% AOI inspection, SPI verification, and conditional functional testing using customer-provided equipment.

Aftermarket Repair Services

Comprehensive testing, repair services, and defect reporting for reliability and to minimize downtime throughout your product's lifecycle.

Custom Panel Wiring

Professional design, assembly, installation, and testing of electrical control panels to ensure safe, efficient power distribution.

Custom Box Build Assembly

COMPLETE TURNKEY SOLUTIONS

PCB & Harness Integration

Complete electronic assembly and cable integration

- ✔ SMT and through-hole assembly
- ✔ Custom cable harness integration
- ✔ Electrical continuity verification
- ✔ Signal integrity testing

Mechanical Assembly

Precision enclosure assembly and component mounting

- ✔ Metal and plastic enclosure assembly
- ✔ Precision fastening and sealing
- ✔ Component mounting and alignment
- ✔ Thermal management integration

System Integration & Testing

Electrical inspection and validation with comprehensive quality control

- ✔ Electrical continuity and integrity testing
- ✔ Functional validation using customer-provided equipment
- ✔ Quality control inspections
- ✔ Full batch traceability

Packaging & Fulfillment

Custom packaging and direct shipping services

- ✔ Custom packaging design
- ✔ Product labeling and documentation
- ✔ Drop-ship to end customers
- ✔ Inventory management

Cable & Harness Services

ADVANCED STANDARDS AND EXPERTISE

Custom Cable Assemblies

Meticulous assembly of custom cable solutions built to precise specifications with zero surprises

- ✔ Exceptional Customer Service
- ✔ 100% In-House Production
- ✔ High-Quality Assembly

Wire Harness Manufacturing

Precision manufacturing following your exact blueprint with meticulous attention to detail

- ✔ Built to your design specifications
- ✔ Precision wire cutting and termination
- ✔ Multi-conductor configurations
- ✔ Complete assembly documentation

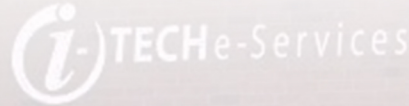

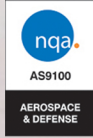

Our Commitment

At i-Tech e-Services, our commitment to quality is represented by our attention to customer service, consistency in our production standards, and also in our people. Our robust in-house education program trains and certifies our technicians to meet or exceed industry standards.
